LOCAL COMMUNITY POLICY

We will support and work with local people and communities. We will listen to local people and take their needs into consideration during our activities. We will not discriminate on the basis of religion, language, race, ethnic origin and respect the culture, traditions and customs of local people and communities by employing local people whenever possible.

It is our policy to ensure that our guests are accepted as the main priority and their requests, expectations and needs are investigated and appropriate services are planned and provided, to ensure the quality and reliability of our products by using TSE branded and Food Codex compliant raw materials, to work with priority locally operating suppliers who have the same quality philosophy as us within the framework of our purchasing strategy and with our slogan "Closer to perfection".

We feel responsible not only to our employees and customers, but especially to our suppliers and the public. Our relations with our suppliers are goal orientated, reliable and continuous.
